WORK EXPERIENCE

Software engineer

Mobileum

08/2022 - Present

Achievements/Tasks

- As a part of **Inbound (primarily) and outbound engineering team** Collaborated with cross-functional teams to **estimate, plan, develop, and deliver new features, ensuring on-time completion for STC, Vodafone, RJio, MTN client.**
- worked on multiple network **technologies (gsm,gprs,lte,5g)** and **performed standard call flow for end-to-end testing.**
- **Designed REST APIs** and enhanced service-layer microservices to handle incoming SNR/PNR requests using **the MVC architecture and microservice design pattern.**
- **Led a team to successfully migrate multiple products from Oracle to Couchbase** and **Addressed security vulnerabilities**
- Enhanced **Oracle stored procedures, Postgres functions**, created shell script and **improved ant build file for reliable builds.**
- **Improved product performance significantly by analyzing JVM logs and optimizing code during real-time traffic.**
- **Design a control flow for ETL process to generate roamer reports.**
- Some hands-on experience in **running hadoop streaming and feature factory jobs to produce orc file.**

Software Developer

Amdocs DVCI, Pune

08/2020 - 06/2022

Achievements/Tasks

- Part of delivery team, developing and **maintaining SQO(Sales Quotes orchestration) B2B app under Comcast Project.**
- Worked collaboratively in an agile, team-based environment to meet project objectives within the set deadlines.
- Developed multiple REST APIs to facilitate communication between microservices and updated the database accordingly.
- Worked with the triage team to identify, analyze, and resolve bugs in back-end services through API testing with Postman.
- **Handled production and non-production defects**, FP for migration from E2E to preproduction and worked with **GSS on-site team to resolve production issue.**

ACHIEVEMENTS

Mobileum (North star)

Award for exemplary contribution in Q4 2023

Algorithm Toolbox (Coursera)

<https://coursera.org/share/338bba58b909211d2b33ce83a3868e44>

SNACKDOWN 2019 (CodeChef)

<https://www.codechef.com/certificates/public/2d2f973>

EDUCATION

B.E (Computer science)

Birla Institute of Technology, Mesra

07/2016 - 07/2020

CGPA - 7.01
